## Reports From Kansas City on Vap-O-Rub—"Outside" Treatment

### Results of Tests Made Last Winter by Kansas City People Now Announced.

From the Kansas City Star—When the Southern treatment for croup and cold troubles—Vick's Vap-O-Rub Salve—was being introduced in Kansas City, Mo., last spring, the local druggists naturally were skeptical. They wanted to be "shown" that Vap-O-Rub really would relieve croup and colds just by applying over the throat and chest. So arrangements were made for each druggist to give away a few complimentary jars to his customers on condition that they give it a thorough trial and report the results. We give below a few extracts from these reports.

Mrs. James Hollens, 1928 Tracy Ave., writes—"I have used Vap-O-Rub for a cold in the chest and find it excellent, and especially so for children. I have also used it several times for asthma and find it does wonderful work."

Mrs. T. L. Marshall, 139 N. Lawrence Ave., has two children, six years old and eight months old. Mrs. Marshall writes—"Vap-O-Rub appeals to us because it is external and the delicate little stomachs are not being loaded down with medicines containing opium and other harmful ingredients."

Other Kansas City mothers who have given permission to use their names are Mrs. W. A. Winkler, 6228 E. 15th St., who says—"My baby had a cold—almost pneumonia. I had given him medicine, but he seemed to grow worse. I used Vap-O-Rub on him as directed and in one day's time he was better." Mrs. Anna Taylor, 6940 Walnut Ave., has four children and writes—"Nothing I have ever used for coughs or colds has done them as much good as Vap-O-Rub." Mrs. Harry Webb, 2123 East 37th St., says—"Our little girl is very susceptible to colds, and in fact, this is the only winter and spring that she has escaped pneumonia, and we believe that this escape is due to our use of Vap-O-Rub."

When Vap-O-Rub is applied to the heat of the body, the ingredients are released in the form of vapors. These are inhaled with each breath all night long through the air passages to the lungs, and in addition, Vap-O-Rub is absorbed through and stimulates the skin. Three sizes, 25c, 50c or \$1.00.

## AT THE THEATERS

### At the Iris.

Bray's Cartoons which are shown at the Iris this afternoon and tonight are worth the price of the whole show. These clever cartoon films provoke laughter when everything else fails and convert melancholy into merriment. Then as a drama Cleo Ridgely and Wallace Reid are to be seen in "The Love Mask," a story of the "Gold days" of 1920. Mr. Reid gained distinction before the screen in a production playing with Geraldine Farrar. Tomorrow, the Iris will show Charles Cherry in "Passers By."

### At the Best.

The bill at the Best is headed with the "Big T" Wonder play, "The Missing Links," in which Normata Mage and Robert Harrison accept the principal roles. Sam Bernard does the pictorial vaudeville stunt in "Because He Loved Her." Ruth Roland and Frank Mayo give the seventh episode of "The Red Circle."

### At the Cozy.

Clifton Crawford plays the leading part in "The Gallop," which is shown today and tonight at the Cozy. This play is a dramatization of the story written by the late Richard Harding Davis. With the drama is presented the sixth episode of "Iron Clad." Gilliam's orchestra furnishes the music.

### At the Orpheum.

"The Raiders" has pleased several good audiences at the Orpheum this week and will meet the expectations of Orpheum patrons again this afternoon.

complete returns. Momen, Atkinson, Chebure and Deerfield remained "dry." Huey and Percy moved into the dry column, while Arenville went to the liquor side. Steelville, White and Worden were among the towns that retained their saloons. By the annexation of 300 acres Evanson, a "dry" suburb, put four "blind pigs" out of business.

Fred Mace in "An Olly Scoundrel" has proven a dandy comedy and will be supplanted with "By Stork Delivery," a Keystone production. The Orpheum offers a good vaudeville act in the accordion soloist. Calkins' orchestra plans special selections to accompany the various Triangle productions.

The vaudeville act for the last half of the week is scheduled to be a good one.
